## New Coins for a New Millennium

The United States Mint has launched one of the most historic changes in circulating coinage in three generations. The Sacagawea "Golden Dollar" is the newest coin. And each year from 1999 until 2008, the United States Mint is releasing five new quarters—one every ten weeks—a total of 50 new quarters.

## Available NOW from the United States Mint

Right now, you can order your 2000-dated United States Mint Proof Sets® directly from the United States Mint. This year's set includes six new coins never before minted—a proof version of the Sacagawea "Golden Dollar," plus the next five quarters in the ten-year 50 State Quarters™ Program.

Even though this year's proof set includes one more coin than last year's set, **the price has not increased**—so you get more coins this year for the **same price as last year!** And, unlike last year, there are **NO LIMITS** on the number of sets you can order!

This is the first time the proof version of the Sacagawea "Golden Dollar" has been offered with the 2000 United States Mint Proof Set®. Don't miss your chance to own this historic new coin.

## Choose the Proof Set You Want

Each 2000 United States Mint Proof Set® includes ten coins. In addition to the new Sacagawea "Golden Dollar," you'll get one quarter from each state honored this year—plus the Lincoln cent, Jefferson nickel, Roosevelt dime, and the Kennedy half-dollar.

The 2000 dated United States Mint 50 State Quarters Proof Set™ includes the second set of five quarters in the 50 State Quarters Program—honoring Massachusetts, Maryland, South Carolina, New Hampshire, and Virginia.

## The Unique Beauty of Proof Coins

Each coin in these proof sets shimmers with brilliant, mirror-like background surfaces. And their frosted, sculpted foregrounds give them a special "cameo" effect, created by the exacting proofing process. Proof blanks are specially treated, polished, and cleaned to ensure high-quality strikes. The blanks are then fed into presses fitted with specially polished dies and struck at least twice to ensure sharp, high relief.

**NO ORDER LIMIT!**

## Accepting Unlimited Orders

If you're a serious collector, you will certainly want to make the historic 2000 United States Mint Proof Set® part of your own collection. And the five quarters issued in 2000 will *never* be struck again after this year. Better yet, there is **NO ORDER LIMIT** for collectors this year—you may order as many proof sets as you wish while supplies last! But these proof sets may sell out quickly, so order yours *today!*

### THE NEW SACAGAWEA GOLDEN DOLLAR

Two hundred years ago, President Jefferson sent Lewis and Clark on a dangerous expedition across an uncharted continent. A brave Native American woman named Sacagawea who was valued for her interpreting skills accompanied them.

Today, a beautiful new dollar coin bearing the likeness of Sacagawea and her infant son, Jean-Baptiste, honors her courage.

The Sacagawea "golden dollar" proof coin is available now as part of the ten-coin proof set for 2000 - - that includes proof versions of the Lincoln penny, Jefferson nickel, Roosevelt dime, the Kennedy half-dollar and this year's five quarters from the 50 State Quarters™ Program.

As America leads the world into a new millennium, the U.S. Mint is honoring our nation's past with these beautiful, finely-crafted, and historic coin sets.
